

Social Skills Group

Successful Play and Communication

- Does your child have a hard time making and keeping friends?
- Do they need guidance on how to talk or play with others appropriately?
- Would it benefit them to learn the “rules” of social conversation in groups?

If you said yes to any of the above questions, the Social Skills Group may be perfect for your child!

Our Social Skills Group works on improving social communication and social interaction skills in a small group setting with peers. We use direct instruction as well as teaching opportunities that arise during the course of the sessions.

These groups are facilitated by our licensed Speech Pathologists and are designed to work with all children. We currently have groups for pre-school to late elementary school ages.

Activities Covered

making friends • participating in group activities • body language • playing games cooperatively • making eye contact • imaginative play • sharing & taking turns • solving problems • showing interest in others • the “rules” of conversation • communicating effectively

Details

BPHT Social Skills Groups are ongoing, and are covered by most insurance. Space is limited to 5 children per group. If the current group is full, you will be added to the waiting list and contacted when our next available group opens for registration. **TO REGISTER: email dannym@bpht.com or call 425-481-1933.**
